Current customers may call for a reservation or send a Reservation Request online. Overnight suites are available to customers who have been bathed or professionally groomed within the last 6 weeks. What to Bring From Home

Food: We provide premium brand food but because a sudden change in diet may cause your pet to have diarrhea and an upset stomach, we require you to bring their own food. Please bring only enough for the length of stay plus one extra day (transportation problems, original plans change). Please put all food in one gallon zip lock bags. Estimate food as best you can and do not send #40 for a two-day stay. All pets are fed twice a day, morning and evening, to minimize the possibility of bloat. Those guests normally fed once a day at home will have their daily amount divided in half for breakfast and dinner.

Beds: We provide cozy fleece beds but encourage you to bring their favorite washable bed or blanket. We will wash bedding as necessary but may decide to remove the bed if repeat soiling occurs. If bedding has a non-washable inner pillow/filler, please place the pillow in a plastic garbage bag inside the cover to protect it from soiling. If your dog is a chewer and damages a resort fleece bed, you will be charged a fee of \$25 and take possession of the damaged bed at the end of your pet's stay.

Bowls: We provide standard and elevated food and water bowls, but if your pet is particular about dinnerware, you may bring their favorite unbreakable dish. A microwave and refrigerator are available for food preparation.

Toys: Please limit the number of toys from home to two toys that may be returned altered if played with by others, or soiled, damaged, or lost (don't bring the favorite, cherished toy).

Other: If you know your pet has a difficult time being separated from you, you may want to include one (1) article of clothing (recently worn and unwashed) that will smell like you. NO rawhide chews of any sort will be allowed in your pet's suite due to potential health hazards, choking and/or intestinal blockage. Safe chew toys include Nylabone brand chews and Kong brand toys.

Damage/Injury

We have designed Heavenly Scent Resort as a luxury dog accommodation with fixtures and furnishings that are equivalent to items found in your home. Guests are expected to be mindful of this environment. This is not an indestructible environment as is typical in a cement/chain-link boarding kennel. Therefore, you are responsible for any damage done to the resort property by your dog from any cause including chewing, digging, scratching, breaking, etc. You are also responsible for all expenses incurred as a result of injury to an employee or other dog caused by your dog,

Medications

Medications should be in their original container and containers **must** be labeled with the pet's name, name of medication, time(s) to administer, and amount for each dose. A small fee is charged for inventory, handling and administering medications.

Health and Safety

We reserve the right to move and/or separate one or more of your pets for health or safety reasons. Sometimes a guest may not get along with their neighbor or multiple guests from the same household may become impatient with each other without the advantage of their entire house for personal space.

Business Hours By Appointment:

Arrivals, departures, and groom appointments are by appointment only and may be scheduled within the hours:

Monday-Saturday 7:00am-4:45pm

Sunday 8-9:00am and 3-4:30pm

There is no on-going customer service counter so all activity must be scheduled.

Please notify us if you will be early or late by ± 10 minutes. Dogs more than 15 minutes late may require a reschedule.

Drop off/Pickup outside of hours noted above: After Hours Fee \$30.00 by special arrangement.

Arrivals and Departures

Do allow at least 15-20 minutes for check-in, paperwork and receiving. Leaving your pet when you are feeling rushed and impatient will not allow them the serene transition they deserve. All dogs must be leashed, in a carrier, or held when entering and exiting our building. Please take **ALL** precautions when moving your pet to and from your car to keep your pet safe. Guests showing signs of fleas or ticks will be treated and charged accordingly. Any boarding, daycare, or grooming clients left after that day's closing time will be fed dinner, made comfortable in our boarding facility for the night, and will be available to go home when we re-open the next day. Appropriate boarding charges

will be applied. When arriving home with your pet after boarding, please wait at least two (2) hours before feeding them. They will be very excited to see you and to be home, which can easily cause stomach upset.

Socialization and Interaction

All dogs at the Resort will have the opportunity for close and intimate contact with other dogs during their stay. Playgroups will be organized with dogs of similar size, age, and/or temperament. Because dogs do play with their teeth and feet, there is the possibility of injury as disagreements and exertion beyond a dog's normal exercise level can occur when guests become overzealous. Staff members will not knowingly admit obviously aggressive dogs into interaction with other dogs. It is your responsibility to inform us if your dog has ever demonstrated aggressive behavior toward people or other dogs. Our Resort is not a good fit for dogs who do not/can not socialize well with other dogs or people.

Staffing

The Resort is staffed day and night for boarding guests yet staff may need to leave the locked building on occasion for up to five hours.

Heavenly Scent Pet Resort and Spa reserves the right to refuse any services, to any pet, at any time, and for any reason.
